The Wedding Invitation Toolkit

Hello... it's nice to meet you!

I'm Lauren, the founder of Harriett and Joel, and designer of everything we produce. I know that planning a wedding can be stressful - so I've created this Toolkit to make ordering your wedding stationery as simple as possible! This toolkit outlines the process of ordering your Wedding Invitations, as well as including some handy documents to make life a little easier. We also offer free Stationery Consultation appointments which can be booked via our website or through Instagram, and these can be useful if you have a few questions or queries.

Included in this toolkit:

Price Guide

You can use our Price List to work out an estimate cost for your Invitations. Please note certain factors e.g, quantity and shape will affect the final price. For an accurate quote please email: hello@harriettandjoel.com

How To Order Info

We've outlined our ordering process so you'll know what to expect at every stage, whether you're ordering from our House Collections or creating Bespoke Stationery.

An Invitation Calculator

Because planning a wedding isn't complete without a spreadsheet - right?! Our Invitation Calculator should help you work out exactly how many invitations you need - although I always suggest ordering a couple of extras as it's always good to have spares!

Wedding Invitation Information Form

Our Wedding Invitation Information Form is a handy way of making sure you've remembered everything you need to tell your guests. It also covers the information you should include on your evening invitations too.

I hope you find this Toolkit useful - and if there's anything else you need please don't hesitate to get in touch!

Looking forward to creating together soon!
